3/1 (2)

M E M O R A N D U M.

1. Separate appointment of Sanitary Commissioner only RECENTLY SANCTIONED by Government after fully considering the demands of EFFICIENCY of Sanitary service.

2. Proposed amalgamation results in NO SAVINGS as it involves only REDESIGNATION of present incumbent.

3. Just as there is a Health Officer for each of the 3 Cities there should at least be ONE QUALIFIED OFFICER for the rest of the ~~State~~ STATE.

4. In MADRAS, TRAVANCORE and BARODA there is a PUBLIC HEALTH COMMISSIONER separate from the Chief Administrative Medical Officer.

5. As in MADRAS, the DISTRICT MEDICAL and SANITARY CHARGES may be combined with a full-time Sanitary Commissioner in charge of the Public Health Department. This secures efficiency without involving extra cost.

6. The Senior Surgeon is NOT QUALIFIED in Public Health nor is he familar with the vernacular nor with the local needs.

7. PREVENTIVE MEDICINE takes precedence over Medical Relief and is a science by itself.

8. A more RATIONAL way would be to make the Sanitary Commissioner EX-OFFICIO SENIOR SURGEON as a Sanitary Commissioner is qualified both in Medicine and in Public Health.

9. Abolition of the Sanitary Department is a RETROGRADE step.

10. It will result in the question of RECONSTITUTION of the Department in relation with REDUNDANT and Incumbent forces.

12. It will not [illegible] already [illegible] and which is beginning to make ITSELF felt.
